

# 2018 Photo Contest Growing Up in a Small Town

***There are some things that can only be seen in a small town!***

Here on *THE PLAINS*, we all know the true meaning of “small town”. Take a picture of something that makes your small town special and unique—activities, buildings or houses, old or new, whatever you think shows the beauty of our corner of small town America.

The deadline for this year’s contest will be **October 6**, and once again we’ll be choosing photos for our 2018 calendar, as well as one winning photo to appear on our 2018 directory cover.

We’ll follow the same procedure as in years past, so each person submitting photos will be limited to 3. Photos print best when we receive them in electronic form, either by email or on a CD.

*Photos can be emailed to  
**photocontest@plainstel.com***

-----

I \_\_\_\_\_, hereby grant Plains Cooperative Telephone Association full permission to use any original photography submitted buy me for the purpose of advertising products, service or programs for Plains Cooperative Telephone Association. The term of my permission shall not be limited. I further waive all rights to financial reimbursement for the use of any photography submitted.

# Find the Sunflower

Take a good look at the little picture of the sunflower to the left. If you look hard enough, you'll find a smaller version of that picture hiding some place in this newsletter. When you see it, just pick up the phone and call to let us know that you found it. We'll hold a drawing 2 weeks after mailing and all of the names of those who let us know they found the sunflower will be entered into a drawing for a \$20.00 credit on your phone bill. Remember...find the sunflower then pick up your phone to call us at 358-4211 and tell us that you found them. We'll put your name in a drawing for this publication and you could be a winner. We'd also like to encourage you to call from your Plains Telephone landline. Don't forget, it's always a local call from your landline to 358-4211.

*We are aware that our mailings are occasionally delayed after they leave our area and before coming back to our local post offices for delivery. If you don't receive your bill during the first two weeks of the month, you can still enter our contest! Just call and we'll make sure you're entered for the next available drawing. We appreciate all the people who play along and take the time to let us know they searched the newsletter.*

**The winner of a \$20.00 bill credit for the "find the phone" drawing was Rory Cahoj of the Seibert area.**

Congratulations, Rory, and thanks for being such a great customer!

**Because you have places to go and things to do—we invite you to consider a peace of mind motion sensor monitoring system for your home or business, available locally through Plains Telephone.**

- Know when there are unexpected visitors on your premises with options for live interaction
- *Check on your assets*
- Monitor livestock and pets
- *Check in with elderly adults*
- Know when your children leave and arrive
- *Just check in while you are away*

***Video can be accessed from any connected device and can be viewed live as well as recorded and saved for later viewing.***

***Partner with Plains Telephone to customize a system for your location!***

- Local sales and support
- *You own equipment with a warranty through the manufacturer*
- Local installation from our experienced technicians
