

2020 Photo Contest

Country Roads On The Plains

This year we'd like to see photos of the country roads that take us home every day on the plains, as well as the beauty you see as you drive along them: livestock, windmills, landmarks that are unique on our *PLAINS*, old barns and houses and, of course, there's always our beautiful wide-open sky above it all.

The deadline for this year's contest will be **Friday October 11** and once again we'll be choosing photos for our 2020 calendar, as well as one winning photo to appear on our 2020 directory cover. We'll also use photos that don't appear in the calendar throughout the year for our newsletters and daily Facebook posts.

We'll follow the same procedure as in years past, so each person submitting photos will be limited to 3. *Photos print best when we receive them in electronic form as jpg files, either by email or on a CD.* ***photocontest@plainstel.com***

I _____, hereby grant Plains Cooperative Telephone Association full permission to use any original photography submitted by me for the purpose of advertising products, service or programs for Plains Cooperative Telephone Association. The term of my permission shall not be limited. I further waive all rights to financial reimbursement for the use of any photography submitted.
