Telecommunications Relay Service (TRS)

Enables deaf, hard of hearing, or speech impaired persons who use Text Telephone (TT) or similar devices to communicate freely with the hearing population not using TT and vice versa. A customer will be able to access the state provider to complete such calls.

Pursuant to Rule 4 CCR 723-2-2827(a), the Commission shall determine, and by appropriate order, impose a uniform charge on each business and residential access line in a uniform amount in order to fund the TRS program. Such charge may be adjusted on or before July 1 of each year. The uniform charge imposed pursuant to § 40-17-103 (3) (a), C.R.S., shall be billed to each access line provided by each LEC.

The uniform charge shall not be included in each subscriber's bill as part of the subscriber's based rate. The uniform charge shall be listed as a separate item appearing on each customer's monthly billing statement as rendered by each local exchange provider. The charge shall be listed as the "Colorado Telecommunications Relay Service Fund."

Monthly Charge

1. Per Access Line, Per Month	
a. Residence	\$0.03
b. Business	\$0.03

TERMS OF SERVICE

Colorado Universal Service Program

In order to accomplish the goal of universal basic service, the Colorado Utilities Commission was directed to create a system of support mechanisms to assist in the provision of basic service in high-cost areas (§40-15-502 (5) (a) Colorado Revised Statutes (C.R.S.)) Specifically, the Colorado High Cost Fund (CHCF) was created under §40-15-208 C.R.S. with the Commission designated as its administrator.

The Commission requires all telecommunications service providers that provide Colorado intrastate telecommunications services to contribute to the Colorado High Cost Fund based on their proportionate share of end-user telecommunications revenues.

The current Colorado Universal Service Charge is 2.6%.
